

EAST HUNSBURY SENIORS BOOK FOLDING CHRISTMAS TREE

WHAT YOU NEED:

- Paperback book
- Glue, either UHU or Hot Glue
- Embelishments
 - bead string, sequins, ribbon, braid

Step 1:
Remove the cover
from the book.

Step 2
Cut off the first 90-100 pages

Step 3

With the spine of the book away from you, fold the first page by bringing the top right corner down to be parallel to the spine.

Crease the fold to flatten the page.

Step 4

Still on the first page, make a second fold by bringing the folded edge just made, parallel to the spine.

Crease the fold to flatten the page.

Step 5

Showing that the first page folds are both parallel to the spine.

Step 6

Showing the pointed edge bent down, ready to be creased flat by folding under.

Step 7

Pointed and now creased, and being folded under.

Step 8

First page completed.

Step 9

Fold the first page away from you and repeat the 3 folds for each page until you have completed the book.

Step 10

Your book should now look like this.

Step 11

Cover the flat part with card, I used a cereal packet, and then cut it carefully around the book.

Step 12

You can now decorate your tree with whatever you have to hand. This one stands against a wall, but if you want a tree that is circular, use 200 pages. If using hot glue to attach your decorations, please take care as it is very hot!
