Subject: M1 Junction 15 Weekend Closure

To whom it may concern:

On the evening of Friday 11th February at 21:00 to Monday 14th February 06:00 works will be carried out on M1 Junction 15 and this will be a full weekend closure.

These works are required to deliver the traffic switch on to the new alignment of the junction.

Works will be carried out in agreement with National Highways and Northamptonshire Council.

These works must be carried out under these circumstances for safety reasons and due to the nature of the works.

We will be carrying out surfacing works during this weekend

Our supply chain will access the site from the A508 Northampton Road following the diversion route provided and any construction traffic will have permission to gain access through the closure under a permit system.

Please see the diversion route that will be in place overleaf.

If you have any concerns or questions about the works, please contact:
